Building resilience of vulnerable communities and countries in LDCs and SIDS

🕒 9.30am | 📍 UNCDF Pavilion | 🤝 In partnership with Sustainable Markets Initiative (SMI)

This session will explore how a market systems approach, working with local private sector insurers, FinTech/InsurTech providers, other financial service providers, aggregators such as agriculture/fisheries cooperatives and women's associations to pilot, test and scale pre-arranged financing solutions like parametric microinsurance can support LDCs, SIDS and climate vulnerable countries to cope after a major climate related catastrophe.

Lessons learned from implementing climate risk insurance solutions in the Pacific

🕒 4pm | 📍 Moana Blue Pacific Pavilion | 🤝 In partnership with UN University – Institute for Environment and Human Security (UNU-EHS)

In this panel discussion, UNCDF's PICAP and its partners will share exciting results and lessons learned from implementing climate risk insurance solutions in the Pacific. Preceded by the beneficiary impact stories, an experienced panel of experts will highlight practical approaches to working with country stakeholders in addressing the protection gap.
